1. About the Summit Racing EDRS Series

As there are many different competition classes, also organizers which operate events at non-permanent tracks with a limited track preparation can participate in the Summit Racing EDRS Series by running appropriate classes.

If invited, EDRS classes is recommended to be counted in the EDRS series at all contracted events.

4.1 Extra Points

In SST, SG, SC, SGB and SCB the competitor earns 20 extra points (max once per event) if he/she during qualifying is the first one in that category to make a pass exactly on the category index. The same is applied in the classes Pro ET and Super Pro ET when a competitor during qualifying is the first one in the category to make a pass exactly on the selected dial-in ET.

For Junior Dragster and Junior Bike, the competitor earns 20 extra points if he/she during qualifying is the first one in that category to make a pass on (dependent on qualification method) exactly 0,000 reaction time or make a pass exactly on the selected dial-in ET (see examples below).

Example #1: If a Super Gas competitor during qualifying runs 9,900 (1/4 mile), then he/she earns 20 extra points. **Example #2:** If a Pro ET competitor during qualifying set 11.34 as the dial-in ET and make a pass running exactly 11.340 (1/4 mile), then 20 extra points are earned.

4.2 Qualifying points

In all categories within the Summit Racing EDRS Series, the competitor earns qualifying points, up to 16, depending on the qualifying position. This calculating method is used also with less than 16 qualified competitors. Always 16 points to No 1 qualifier.

7. Dispute / Separation of Competitors at the End of Series

If more than one competitor should have equal points at the end of series, is the finishing order decided by the following order and rules:

1. Competitor with most wins in events.
2. Competitor that is awarded most points by the following wins:
 - Final winner - 5 points

 - Semi loser - 2 points
 - Quarter final loser - 1 point
3. Competitor with most won rounds wins at series events.
4. Lottery

Disputes regarding points calculations are decided by Summit Racing EDRS Series Workgroup. Separation of competitors is only applicable on positions 1-10.

8. Ladder Types & Field Sizes

The organizer may limit the field size for the eliminations. Or, if the circumstances so demand, the number of accepted entries. If a limit exists, it shall be indicated in the invitation to the event.

Pro-ladders must be used in the classes:

- Pro Street
- Street
- Top Doorslammer

In case of an odd number of qualified competitors which result in incomplete 4, 8 or 16 Pro-ladders the following template should be used:

Field size	Qualified
4 cars	At least 3
8 cars	At least 6
16 cars/	At least 13

For all other classes Sportsman-ladders must be used. In the classes where Sportsman-ladders are used, the goal is that all entered competitors can attend in the eliminations.

See also paragraph 22 of these Guidelines.

9. Race number Priority

In case two drivers/riders in the same class claim the same race number at an event included in the Summit Racing EDRS Series, Speedgroup recommend organizers to give priority to series race numbers 1-10 (based on 2020 EDRS points standings) before National ranking race numbers. International Series are normally ranked higher than national series/championships and it is also helpful for points coordinators to keep track on drivers/riders points. It is always up to the race directors on site to decide

10. Cancellation of event

The organizer together with the jury has the right to cancel the event or part of the event. If cancellation is decided, all competitors will be notified no later than 24 hours before start of scrutineering. In case of rain or other external factors, the entry fee will be kept by the organizer. If the event is cancelled before or during semi-finals, no prize money will be paid. If the event is cancelled before or during the final, it is recommended that 60% of the prize money will be paid out. I.e. the total prize money for the "winner" and "runner-up" in the affected class is summed and 60 % of the total amount is shared between the 2 finalists. In case of round money, only completed rounds will be subject to payment. Cancelled part of an event may not be completed at a later time.

11. Alternates

Once qualifying has been concluded and a ladder has been established, pairings will not be changed. However, should a qualified vehicle and driver be unable to make the first round of elimination's (not reach the bleach box), an alternate will be inserted in their place. The quickest non-qualifier will take the first available space, the second quickest non-qualifier the next available space and so on. When and if this happens is at the sole discretion of the Clerk of the Course. First round points will be kept by the qualified driver. If an alternate driver is inserted but is eliminated in the first round he will not get any points. If the alternate is eliminated in the 2nd round, or later, the points from the first round will be deducted.
